

Album Guide

Let's create your dream album!

Char Cook
PHOTOGRAPHY

Hey team!

I'm dropping this simple guide, because, let's be honest, albums can get a little confusing.

What should I know before I dive in?

The key information is that albums come in 4 different covers: Selfoss Velvet, Dolomiti Suede, Canary Leather, Cali Natural Linen.

All the albums are printed on Fuji Crystal Archive DPII Silk paper or Matte paper.

How do I order?

First of all - go to your online gallery and add the photos you'd like in your album to a favourites gallery within Pic-time. I'd recommend around 50-60 photos for a 10 spread album. Once you've chosen your favourites let me know and I'll do a draft design for you (I need to know album size for this).

Next choose your selections and email them over to me! I need to know:

- Album size
- Album type - Photo Album (silk) or Fine Art Album (matte)
- Cover choice - style and colour code
- Personalisation - laser engraving or foil embossing + font choice or design choice
- Would you like to add a fabric or wooden presentation box for £65? Alternatively albums will arrive in a jute bag
