- ALBUM GUIDE -

Hey, it's me!

I'm dropping this simple guide, because, let's be honest, albums can get a little confusing.

What should I know before I scroll down?

The key information is that our albums come in 4 different covers: Selfoss Velvet, Dolomiti Suede, Canary Leather, Cali Natural Linen. All our albums are printed on Fuji Crystal Archive DPII Silk paper or Live Fine Art Matte 230gsm.

How do I order?

First of all - go to your online gallery and add the photos you'd like in your album to a favourites gallery within Pic-time. I'd recommend around 50 photos for a 10 spread album. Once you've chosen your favourites let me know and I'll do a draft design for you (I need to know album size for this).

Next choose your selections and email them over to me! I need to know:

- Album size
- Paper type - silk (durable with a slightly shiny gloss finish, higher colour depth) or matte (more delicate non-shiny finish, less vivid)
- Number of spreads (we can confirm this once your draft design is completed as we may need to add more)
- Cover choice - style and colour code
- Personalisation - laser engraving or foil embossing, font choice or design choice
- Add presentation box for £50? Alternatively albums will arrive in a jute bag

Selfoss Velvet

Inspired by the moss covered lava of Iceland.

Soft, luxurious, slightly shiny fabric
that makes the album impossible to put down.

Dolomiti Suede

Born from the love of adventure.

Kind of like a faux suede, but better.
Soft, smooth, delicate and amazing to touch.
